SW4 270 (MY26)

[MORE INFO](#)

Type

Steering wheel

Description

Key features

SW4 270 (MY26) is one of the most versatile steering wheels in the market, compatible with a long list of ECU protocols, to meet any driver's need. Two available versions: with coiled cable and 22 pins Autosport connector and with free wire cable for Quick Release. Other three sizes of the steering wheel are available: 280, 320 and 350, showed in the next pages. Three rotary switches versions: none, one or three. Compatible with more than 2,000 ECU protocols, TFT display with freely configurable pages, individually configurable pushbuttons, one by one configurable LEDs, GPS09c (optional), paddle shifters, ergonomic handle grips, easy configuration & analysis with RaceStudio 3. User manual & RaceStudio 3 software freely downloadable from AiM web site.

Kit SW4 270 (MY26) with coiled cable and 22 pins Autosport connector
